This book project actually brought all three areas of my research—media, public opinion, and social movements—into focus. The relative favoritism directed toward the Tea Party represents a sort of double bias, considering that my findings already suggested that the Tea Party is not a genuine social movement, while OWS at least in its early stages appears to

exhibit many of the classical characteristics of a movement.

Is it worth it?

Despite some claims of a seven-figure turnout, [98] the heavily astroturfed document these relationships empirically, exposing specific pro-conservative, pro-Tea Party themes that dominated the news in mid to late and early
