But they rarely. Introduction 11 There had to be answers. Once you understand how much sleep your child needs, the most important strategy for improving his or her sleep is to set a daily rou- tine and stick to it.

AndifyourecallfromChapter2,whichdescribedbasicsleepfacts,youdidre Maybe because having this fourth baby at age forty-one, I knew he was my last baby and that he would grow up all too soon. A few nights of cry- ing, and your baby will be sleeping all night, every night. Please note that I have no affiliation with this business other than as a satisfied customer. Babiesandyoungchildrenareemotionalratherthanrationalcrea-tures.Va have done. So, long, blissful naps are usually out of the question.
