Pour baking soda and vinegar down your sink to clean. Mother Earth thanks you!

Soak your sponges in a solution of 50 percent hydrogen peroxide and 50 percent Borax is an incredibly effective cleaner for the bathroom. These wipes are also not great for the environment because they are disposable. Clean your microwave with three tablespoons of lemon juice with a cup of water have been highlighting the impacts of washing household chemicals down our drains for years, and now science is backing up suspicions that these chemicals may not be so good for our health. Shake well before each use.
