Second Edition, Second Impression. Initially this is amusing, but later it really starts to grate! Exciting and with his wit a very entertaining book.

Contains some markings such as highlighting and writing. Murray's closest call was when, after being heavily damaged by an Me fighter that wounded two of the crew, he flew back to England with an engine on fire. Ships from the UK.

My only criticism written as a Brit! Just the story of landing the Tiger Moth this really do feel like you're up there with them! Murray was one of thousands of young Canadians who were inspired to become pilots by the legendary Billy Bishop.
