Got some pretty handy recipes in. I especially like all of the helpful advice the author offers in the beginning. Goodreads is the world's largest site for readers with over 50 million reviews.

Especially teens who are on their own which this book seem to be geared. Or maybe you weren't listening. There's food in there, but then what?

This thorough and witty culinary guide demystifies the kitchen and its contents something you want to cook and cook it. My grandmother bought it for me when I left home, it goes over things like "how to shop" that a kid who had no interest in cooking might not know.
