And, like a seawall, it requires ongoing maintenance. After visiting any of these Kauai beaches, be sure to leave a comment with your tips and recommendations. Why buy expensive sand, sourced from licensed mines, when you can anchor your dredger in some remote estuary, blast the sand out of the riverbed with a water jet and suck it up?

Leave this field. The beach it creates may serve as a recreational platform, but many studies have shown that nourished beaches are very poor substitutes for the natural ecosystems they replace. The soft sand, orange due to high iron oxide content, is perfect for lounging the day away in your rented beach chair.
