Miriax was the perfect combo of nature and sci-fi technology. These twins were selected for their positive energy; however, they did get upset at times and together learned valuable lessons along their journey. Earth is in trouble.

ReturntoBookPage. The characters are well developed--you care for the good guys and really hate the bad the guys--and the plot twists and turns made me feel like i was riding in that space ship at times. Marchesi has a truly vivid imagination, and her explanations throughout the novel were really interesting.
