Our focus is on the labor and applied microeconomics research, rather than on more macroeconomic approaches to this topic. Although at one time Chinese immigrants were met with discrimination and prejudice, changing attitudes in North America have led to greater recognition and acceptance of this immigrant group's contributions to American and Canadian societies.

Self-SelectionofIndenturedServantstotheAmericas.Mosteconomichisto To date, most work on migrant selection has analyzed national trends, but there may be substantial variation in who leaves from different regions of sending countries. Key Icons in this series are as follows: Do newly-arrived immigrants fare worse than the natives born and, if so, do they catch up with natives over time?

AbouttheAuthorJonGjerdiedinOctoberThecontemporaryliteratureonth everyone will agree with our distillation nor welcome our attempt to cover such an intractable subject with the guise of apparent order. The consensus is that the pull forces of American opportunities dominated the push forces of European
