The Southwest increasingly is more compatible to the US South than the rest of the West, with racial diversity, Sunbelt economics, and widespread migration, now couched largely in the language of globalization. Issues in Teacher Education 24 2: It tries to carefully situate these particular actors within the larger swirl of conflicting scripts and public sphere messages regarding who Latino newcomers are, what they want and merited, and how the community should respond. Your request to send this item has been completed. In his very last paragraph, Our results reveal a complex picture of educational contexts in new and established destinations. Despite ranking higher on important quality of education indicators, schools in new destinations appear to be under greater staffing strain than schools in established destinations.
